GORGEOUS 5.3 CARAT IDEAL CUT DIAMOND SOLITAIRE RING!! SELLS @ NOON SHARP.

This ring comes with two separate appraisals (which may be viewed on our website), one from AIG and one from EGL. AIG's grading of the ring was done in the setting and they graded it with a clarity of SI-2 and color of K. EGL's grading was done loose and they graded it with a clarity of SI3 and color of I. (The local jeweler who previously agreed to hold the ring for advanced viewing, after seeing the ring, stated that they don't agree with the clarity and/or color on the appraisals (but also offered the seller to consign it in their store for more than the Sellers' reserve auction price). So come see for yourself auction morning at 9am & you be the judge! More photos are also available online. The reserve price, which is a very small fraction of the appraised value anyway, is very reasonable in our opinion or we wouldn't have agreed to offer it at our auction. So this could be the best deal you will ever find on a ring of this size & beauty! You must have a bank letter of GUARANTEE submitted by May 12th to pay by check or your ring will be held until your funds are in our account.
